**"NEW SEWERS FOR A SAFER, CLEANER ENVIRONMENT"**

## **MSD to Conduct Public Meeting on Wesselman Road Interceptor Sewer Construction Project**

The Metropolitan Sewer District of Greater Cincinnati (MSD) will conduct a public meeting intended to inform neighbors and the community about the installation of a new interceptor sewer in Miami and Green townships. The project includes installation of 16,800 linear feet of new 24-inch to 36-inch diameter trunk sewer. The project will eliminate the Wesselman Woods Wastewater Treatment Plant and will provide sewer service to properties along the alignment of the new sewer.

Members of the community and others impacted by the construction are invited to attend the public meeting to learn more about the project and discuss any concerns. Representatives from MSD, Ohio EPA, Hamilton County Public Health, and Triton Services will be available to answer questions. The meeting is scheduled for Thursday, September 4, 2008, from 5:30 p.m. to 7:30 p.m., at Green Township's Nathanael Greene Lodge in the West Point Room. The lodge is located at 6394 Wesselman Road, Cincinnati, OH 45248.

For more details about the meeting, please contact Ms. Kim Lahman, MSD Construction Customer Service Project Coordinator at (513) 772-7903.
